

RBM OIL CORPORATION

Energy saved is energy produced

AUTOMOTIVE & INDUSTRIAL LUBRICANT MANUFACTURER & EXPORTER

ABOUT US

Established in the year 2016, RBM Oil Corporation (ISO-9001:2015 Certified) is amid the most foremost names affianced in manufacturing and supplying an immense plethora of All type of Industrial & Automotive Lubricants. We also deal with Process Oil which use to process in all lubricants industries. A crew of competent executives offers these oils with distinguished precision, reliability and effectiveness in the assured period of time. Besides this, their reasonable rates at which we are delivering these products make them immensely valued and commended. As well, the products we present are made with precision in conformism with the principles defined by the industry.

As our goal is to offer the latest and technically sound product to our customers, we are in the continuous process of research and development towards innovations.

We always give priority to safety of our workman. We have set high safety standards and incorporated in our manufacturing process.

- Our vision is to be viewed as the best specialty Automotive And Industrial Oil Manufacturing company in the world.
- To provide quality services that exceeds the expectations of our esteemed customers

- Our desire to grow drives our passion to win in the marketplace. With a unified, low-cost operating structure, we'll remain competitive across every business and in every geographic region.
- To constantly improve what is essential to human progress by mastering new technologies.

- We integrate honesty, integrity and business ethics into all aspects of our business functioning.
- We value and recognize the contribution of each and every single person of organization.
- We drive innovation and results by understanding the market and its opportunities.

PRODUCTS

20 W 40

GRADES API SL/SM/SN

PACKAGING SIZES 900ml,1L,55L,210L

Upgrade your engine's performance and protection with 20W40 motor oil - the ideal viscosity for high-temperature environments.

10 W 30

GRADES API SL/SM/SN Multi Grades

PACKAGING SIZES 800ml, 900ml,1L,55L,210L

Experience smoother engine performance and enhanced fuel efficiency with 10W30 motor oil - the perfect viscosity for year-round use.

20 W 40-MULTIGRADE CF/SL/ CF4/ CH

GRADES API CF/ SL/CF4/ CH

PACKAGING SIZES 3L, 5L, 7.5L, 10L, 26L, 50L, 55L 210L

Get the best of both worlds with 20W40 multigrade motor oil - superior protection and performance in all weather conditions.

15 W 40

GRADES API CF/CH/CI4/CI4+/CJ/CK

PACKAGING SIZES 500ml, 1L, 3L, 3.5L, 5L, 7.5 L, 10L, 20L, 26L, 50L, 55L, 210L

Ensure your engine's longevity and power with 15W40 motor oil - the perfect balance of protection and performance.

PRODUCTS

20 W 50

GRADES API SL/SM/SN/CF-SL

PACKAGING SIZES 1L, 2.5L, 4L, 50L, 55L, 210L

Take your engine's performance to the next level with 20W50 motor oil - ideal for high-mileage engines and extreme temperatures.

15 W 50

GRADES API SM/SN/ SM-CF

PACKAGING SIZES 1L, 2.5L, 50L, 55L, 210L

Boost your engine's power and endurance with 15W50 motor oil - specially formulated for high-performance vehicles and harsh driving conditions.

5 W 30

GRADES API SM/SN

PACKAGING SIZES 1L, 3.5L, 50L, 55L, 210L

Maximize fuel efficiency and engine protection with 5W30 motor oil - the perfect viscosity for cold starts and low temperatures.

5 W 40

GRADES API SM/SN

PACKAGING SIZES 1L, 3.5L, 50L, 55L, 210L

Experience top-notch engine performance and protection with 5W40 motor oil - perfect for turbocharged engines and extreme driving conditions.

PRODUCTS

TRANSMISSION OIL

GRADES API ATF-TQ

PACKAGING SIZES 1L, 5L, 50L, 55L, 210L

Upgrade your transmission's performance and lifespan with our premium transmission oil - specially formulated for smooth shifting and maximum protection.

UTTO

GRADES Type 1 & 2

PACKAGING SIZES 1L, 5L, 10L, 20L, 26L, 50L, 55L, 210L

Maximize the performance and efficiency of your agricultural equipment with our high-quality UTTO oil - perfect for tractors and other machinery.

PSO

GRADES SAE 30/40/50

PACKAGING SIZES 1, 3L, 3.5L, 20L, 50L, 55L, 210L

Get the most out of your pumpsets with our top-quality pumpset oil - specially designed for smooth operation, improved efficiency, and extended life.

HYDRAULIC OIL

GRADES 32/46/68/90

PACKAGING SIZES 5L, 20L, 26L, 50L, 55L, 210L

Experience optimal hydraulic system performance and protection with our premium hydraulic oil - specially formulated for high-pressure environments.

PRODUCTS

GEAR OIL

GRADES API 90/140/150/220/320/460

PACKAGING SIZES 1L, 20L, 26L, 50L, 55L, 210L

Ensure smooth and quiet operation of your vehicle's gears with our high-quality gear oil - specially formulated for maximum protection and performance.

SYNTHETIC GEAR OIL

GRADES API 75W90/75W40/80W90/80W150

PACKAGING SIZES 1L, 20L, 26L, 50L, 55L, 210L

Take your vehicle's gear performance to the next level with our premium synthetic gear oil - designed for ultimate protection and efficiency.

MINERAL CUTTING OIL

GRADES ROBUST 2000/3000/3500

PACKAGING SIZES 20L, 26L, 50L, 55L, 210L

Get the most out of your machining operations with our high-quality mineral cutting oil - designed to increase tool life and improve surface finish.

SEMI SYNTHETIC CUTTING OIL

GRADES ROBUST 4000/5000/6000/9000

PACKAGING SIZES 20L, 26L, 50L, 55L, 210L

Experience improved cutting performance and extended tool life with our premium semi-synthetic cutting oil - perfect for all machining operations.

PRODUCTS

SYNTHETIC CUTTING OIL

GRADES ROBUST 1000

PACKAGING SIZES 20L, 26L, 50L, 55L, 210L

For high-performance machining operations, consider using a synthetic cutting oil. These oils offer excellent lubrication, cooling, and corrosion protection properties, while also being environmentally friendly and long-lasting.

NEAT CUTTING OIL

GRADES 6/12/14/18/28/32

PACKAGING SIZES 20L, 26L, 50L, 55L, 210L

Maximize your machining operations with our top-quality neat cutting oil - specially formulated for superior lubrication and cooling.

TAPPING OIL

GRADES 110/220/330

PACKAGING SIZES 20L, 26L, 50L, 210L

Ensure precise and efficient tapping operations with our high-quality tapping oil - designed to reduce tool wear and improve thread quality.

TRANSFORMER OIL

GRADES IEC335/2018/IS335

PACKAGING SIZES 26L, 50L, 210L.

Protect and extend the life of your transformers with our premium transformer oil - designed for superior electrical insulation and thermal conductivity.

PRODUCTS

MP GREASE

GRADES NLGI - 1/2/3

PACKAGING SIZES 100GM, 250GM, 500GM, 1KG, 5KG, 18KG, 180KG

Experience superior lubrication and protection for your equipment with our high-quality MP grease - perfect for heavy-duty applications.

CHASSIS GREASE

GRADES BARIUM BASED

PACKAGING SIZES 100GM, 250GM, 500GM, 1KG, 5KG, 18KG, 180KG

Maximize your vehicle's chassis performance and lifespan with our premium chassis grease - designed to withstand heavy loads and harsh conditions.

AP GREASE

GRADES NLGI - 1/2/3

PACKAGING SIZES 100GM, 250GM, 500GM, 1KG, 5KG, 18KG, 180KG

Ensure superior performance and protection for your equipment with our high-quality AP grease - perfect for extreme pressure and high-temperature environments.

EP GREASE

GRADES NLGI - 1/2/3/0/00/000

PACKAGING SIZES 18KG, 180KG

Upgrade your equipment's performance and protection with our premium EP grease - designed for extreme pressure and heavy load applications.

PRODUCTS

GRAPHITE GREASE

GRADES NLGI -2/3

PACKAGING SIZES 18KG, 180KG

Experience superior lubrication and protection for your equipment with our graphite-based grease - perfect for high-temperature and heavy-duty applications.

SILICON GREASE

GRADES 350

PACKAGING SIZES 18KG, 180KG

Upgrade your equipment's performance and protection with our top-quality silicon-based grease - designed for superior water resistance and extreme temperatures.

HIGH TEMPERATURE GREASE

PACKAGING SIZES 18KG, 180KG

High temperature grease is a type of lubricant designed to withstand extreme temperatures, typically above 150°C (302°F). It is formulated with specialized additives and base oils that provide thermal stability, oxidation resistance, and lubrication capabilities in high heat environments, ensuring smooth operation and protection against wear.

MOLY GREASE

PACKAGING SIZES 18KG, 180KG

Moly grease, short for molybdenum disulfide grease, is a type of lubricant containing molybdenum disulfide particles. It is known for its exceptional load-carrying capacity and anti-friction properties. Moly grease is commonly used in high-pressure and high-temperature applications to reduce wear, friction, and provide long-lasting lubrication.

PRODUCTS

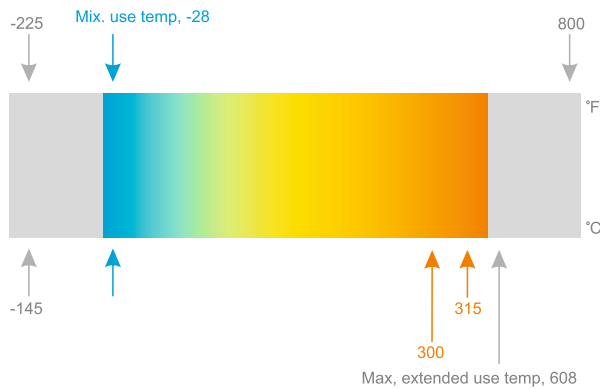

RBM CHAIN SPRAY /CHAIN CLEANER / RUST OFF 4X

RBM Chain spray lubricates the chain, reduces friction, and protects against corrosion, while RBM chain cleaner removes dirt and grime, ensuring a smooth and efficient ride. Rust cleaner is a type of cleaning solution or product designed to remove rust from surfaces.

RBM SUSPENSION OIL/BRAKE FLUID/ COOLANT

We also deal in other lubricants like RBM Indulge Suspension Oil (Fork Oil) used to provide lubrication and damping properties to the suspension system, allowing for smooth and controlled movement of the vehicle's wheels., RBM DOT 3 & 4 (Synthetic Brake Fluid) used to transfer hydraulic pressure within the braking system, enabling reliable and efficient operation of the brakes and RBM Duratic Coolant used to regulate and dissipate heat from the engine, preventing overheating and maintaining optimal operating temperature for efficient engine performance.

RBM THERMIC FLUID

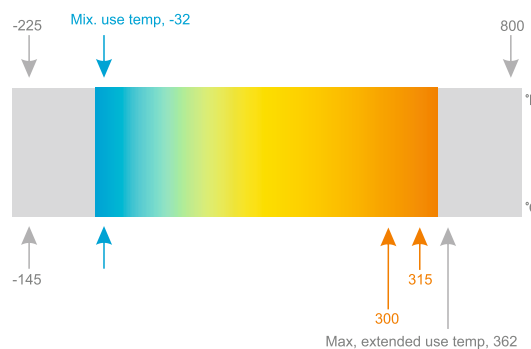

GRADES 55

-28 °C to 320 °C
-80 °F to 608 °F

RBM THERMIC FLUID

GRADES 66

-32 °C to 350 °C
-26 °F to 362 °F

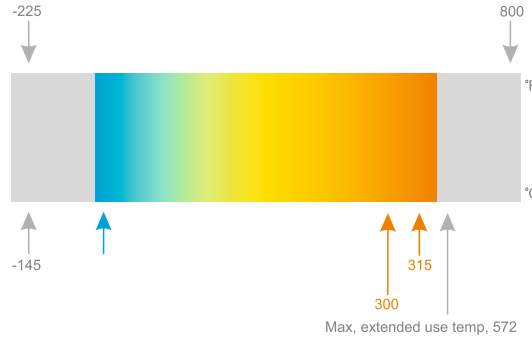

PRODUCTS

RBM THERMIC FLUID

GRADES 500

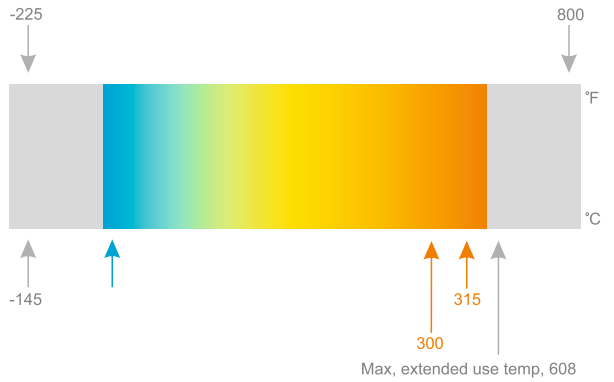

Up to 300 °C
Up to 572 °F

RBM THERMIC FLUID

GRADES 600

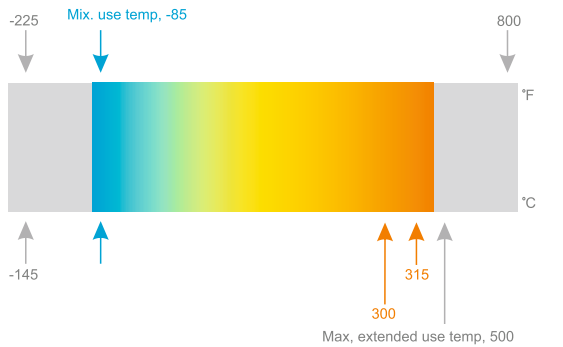

Up to 320 °C
Up to 608 °F

RBM THERMIC FLUID

GRADES D12

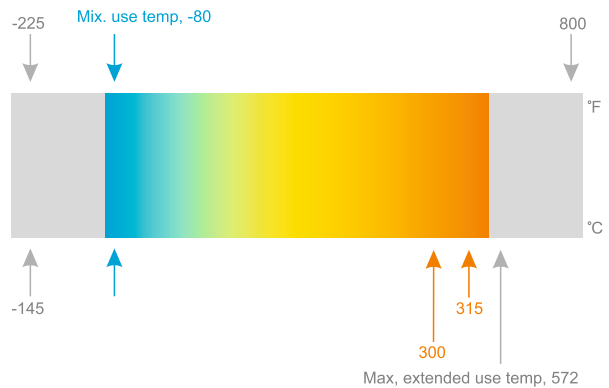

-85 °C to 260 °C
-121 °F to 500 °F

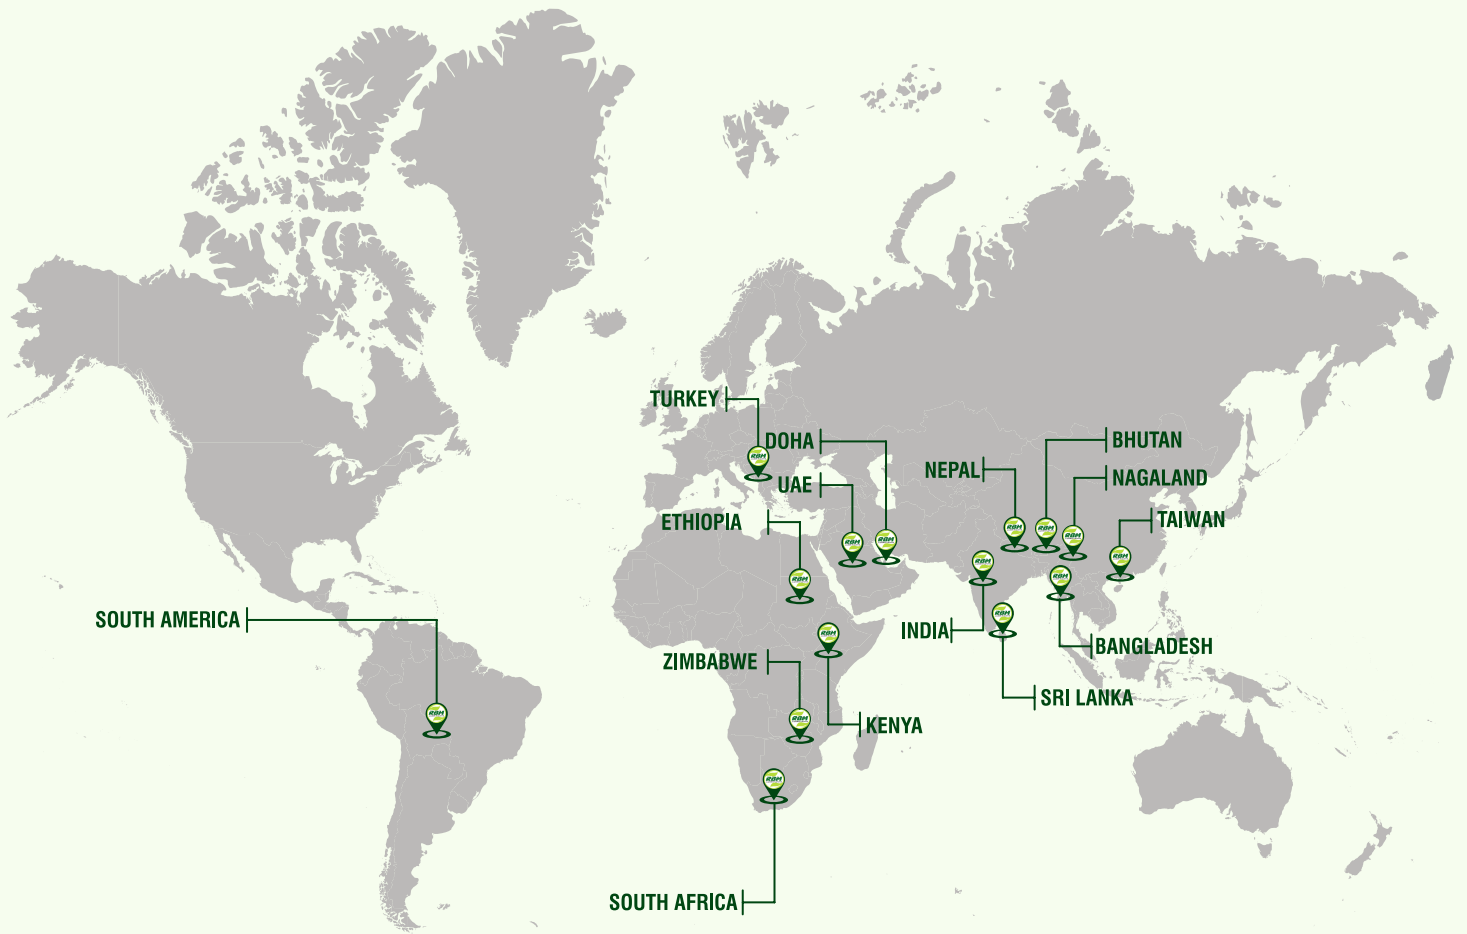

RBM THERMIC FLUID

GRADES D20

-80 °C to 300 °C
-112 °C to 572 °F
